

Unframed (Optional)

Framed (Standard)

Illuminated Interior Use

Series 224 Black-Out™ is the “Gold Standard” of rear illuminated, namestrip directories. It is just 4" deep. The 224 Black-Out™ is a fusion of minimal aluminum framework, tinted glass, film negative plus laser engraved graphics, and rear illumination. This results in bright graphics that appear to be floating in the dark tinted glass face.

This Black-Out™ is a perfect choice for any building desiring to convey prestige to its visitors. Owners appreciate its cost efficient strips, which are the industry's easiest to change. Available unframed or framed.
